

Energizer® Energi To Go® XP Fact Sheet

Energizer introduces Energi To Go® XP series, a line of rechargeable power packs with models designed to power up to three devices at once including cell and smart phones, MP3 players, GPS units, Bluetooth®, portable DVDs, digital cameras and camcorder batteries, netbooks, and laptops.

All Energi To Go® XP products are made with Lithium Polymer battery cells and are:

- **Convenient** – Pre-charged and ready to use
- **Reusable** – Rechargeable up to 500 times
- **Powerful** - Charges and powers any cell phone anytime, even with a dead battery
- **Worry Free** – Guaranteed to fit every cell phone model with comprehensive free tip selection and Tips for Life service
- **Safe** - Includes integrated PowerSafe™ technology for charge, temperature, and short circuit protection
- **Intelligent** - Built-in power shut-off mode maintains longer charge life
- **Easy-to-use** - Color coded cables and tips for different devices
- **Versatile** – Charges and discharges at the same time
