Episode Airs Saturday, February 11, 2011 at 3 p.m. ET on ABC

Billy Knight

Age: 32

Resides: Los Angeles, CA

A native of Inglewood, home of the Lakers' old-school stomping grounds, it's no surprise that Billy Knight grew up eating, breathing, and sleeping basketball. It IS a surprise that Billy is the only starter from his UCLA team without an NBA contract. Cruising through the early rounds of March Madness, it seemed Billy was destined to play for the NBA. Legendary coach John Wooden told him, "you're a great player, but you need to work on your defense," words that Billy thinks about every day. He's spent the last ten years playing basketball all over the world but still thirsts for another chance at the NBA.
