Energizer® Rechargeable® Fact Sheet

Energizer® is the No. 1 Rechargeable NiMH brand worldwide offering a complete line of high capacity NiMH batteries and a family of innovative chargers that match specific consumer lifestyles.

Below are the rechargeable products Energizer offers and the features they provide:

Energizer® e²® Rechargeable batteries and chargers are the convenient and economical power solution for high-tech devices. Rechargeable batteries can be charged hundreds of times and are the ideal solution for high-drain or frequently used devices.

Batteries vary by size and capacity:

Energizer AA 2500 mAh:

- Up to 325 digital pictures per charge (results vary by camera) or up to six hours playtime with toys (results vary by device)

Energizer AA 2000 mAh

- Up to 225 digital pictures per charge (results vary by camera) or up to five hours playtime with your toys (results vary by device)

Energizer AAA 900 mAh NiMH batteries:

- Up to 6.5 hours of playing time on an MP3 player (results vary by device)

Stay charged for every occasion with Energizer's full portfolio of chargers.

The Energizer® DUO Charger

Energizer introduces the *Energizer DUO*, a charger that meets the needs of the wired and wireless. The *DUO* charges two AA or AAA rechargeable batteries (NiMH) in as little as two hours for AAA's and as little as five hours for AA's via a computer's USB port or a standard wall outlet, giving users the flexibility to choose how they want to recharge their NiMH batteries for power hungry devices. In addition, the *Energizer DUO* comes in a choice of fun colors, and has a customizable computer interface that monitors charging progress on your computer screen.

Energizer DUO Charger features:

- Capable of charging two AAA 900 mAh in 2 hours or two AA 2500 mAh in 4.5 hours
- Charges via the USB port on a computer or standard Wall Outlet
- Compact and light weight.
 - Each pod is: 2.8" x 3" x .9" (Height x length x width)

- Charger unit: 3.4" x 2.7" x 1" (Height x length x width)
- Three Fun Colors available: green, blue and pink
- Computer interface can be customized to individual preference
- Suggested retail price: \$13.99

The Energizer® Family Charger

The new Energizer® Family Charger is geared toward the families that are constantly on the go. Whether you are battery manager mom or gadget dad, the *Family Charger* is fast and easy to use – just drop the batteries in the charger, close the lid and the charger begins charging automatically.

Energizer Family Charger features:

- Capable of charging a large quantity of batteries and multiple battery sizes at the same time – charges up to eight AA, eight AAA, four C, four D and two 9V.
- Fast charge times – capable of charging 4 AA 2500 mAh in three hours, 8 AA 2500 mAh in six hours, 4 AAA 900 mAh in three hours, 8 AAA 900 mAh in six hours, 4 C or D 2500 mAh in three hours, and 9V 175 mAh in seven hours
- Easy to read LCD display will show the charge status of the batteries
- Power is only on when lid is closed
- Dimensions: 11.58" x 5.08" x 2.844" (Height x length x width)
- Suggested retail price: \$29.99
